

## QUIET

IS OPENING OF SECOND WEEK OF THE STRIKE.

NO ATTEMPT TO START MILLS

At Wellsville Monday — Voluntary Contribution — "Water" in Steel Trust Stopped — Eighty Men Quit Work at Sharon, Pa., on Monday. Other Strikes.

Pittsburg, Pa., July 22.—The second week of the steel strike opened quietly. Word comes from McKeesport that everything is quiet. The mills are working. Several organizers were sent out this morning in response to requests from men in a number of unorganized mills.

## Quiet at Wellsville.

Nelsonville, Ohio, July 22.—No attempt to start the sheet steel mills is made as yet. No non-union men have materialized. The strikers watch day and night to guard against possible importation of men.

## Voluntary Contribution.

Alexandria, Ind., July 22.—The amalgamated association in the gas belt has voted ten per cent of the wages of all working members for the support of the steel strike.

## "Water" in the Stock.

Washington, July 22.—An industrial commission report being prepared will say that the U. S. steel trust has "water" in the stock amounting to over three millions.

## Cincinnati Strike Settled.

Cincinnati, July 22.—Two hundred machinists in the Laidlaw Dunn Gordon Company returned this morning ending the great machinists' strike in Cincinnati. There were no immediate concessions but 5 per cent advance is promised.

## Another Strike.

Sharon, Ja., July 22.—Eighty molders, cranesmen and chairmen of the American steel casting company today struck.

## Collar Makers Strike.

Troy, N. Y., July 22.—Two hundred collar cutters struck this morning. It will undoubtedly result in a tie up of all factories here.

## Cigar Makers' Strike.

Tampa, Fla., July 22.—Four thousand and cigar makers have declared a general strike in all cigar factories effective tomorrow.

## Demand Increase.

Columbus, O., July 22.—The section hands on all railroads entering Columbus, demand an increase from \$1.25 to \$1.50 per day or will strike Wednesday.

## ROBBER

WITH A HOOK SECURED ROLL OF MONEY

AT ONE OF DAYTON'S BANKS.

The Stranger Escaped Though the Police Were Promptly Notified—Bank Officials Decline to Tell How Much Was in the Package—A Bold Daylight Robbery.

Dayton, O., July 22.—The boldest daylight robbery on record in this city occurred this morning at the City National Bank. A stranger asked the paying teller to exchange \$14 Canadian money for American money. The teller did so but the stranger hung around counting the money, and it was noticed that he carried two rods, nickel plated with hooks on the ends, made like a pair of tongs. The teller turned his back and the stranger pulled a bundle through the window with his hooks and before the attaches of the bank realized what had happened the thief escaped. The police were notified but the man was not captured. The bank officials refuse to tell the amount of money the package contained.

DIVORCE—Henrietta Bieber sues Louis Bieber for divorce, alleging neglect, cruelty and infidelity. They were married in 1895 and have two children. Smythe & Smythe, attorneys.

## SO HOT

IN CHICAGO THAT SUN SET THE SIDEWALKS ON FIRE.

The Elevated Road Rails Expand Lifting Ties Six Inches—Monday is Another Scorchers.

Chicago, July 22.—The entire middle west is in for another day of record-breaking heat. Early reports from the larger valley points indicate that Sunday's torridity will be equalled and that there was every prospect for the mercury going a notch or two higher than it did yesterday, when it jumped to 103, breaking all local records and causing 15 prostrations, three resulting fatally.

While only meagre crop reports have been received from the corn growing sections, there is little doubt in the minds of the crop sharps that yesterday's heat combined with what is coming today will virtually complete the work of devastation. No rain is reported anywhere in the corn belt.

It was so hot here Sunday that board sidewalks were set on fire by the intensity of the sun's rays, and rails on elevated roads expanded, lifting the ties nearly six inches out of the bed.

## Big Oil Blaze.

Oleum, N. Y., July 22.—An oil tank of 35,000 barrels of fuel oil was struck by lightning this morning, and an immense conflagration followed. The oil is the property of the Standard Oil company. This is the third oil tank that has been destroyed by lightning within three weeks.

## HARMONIOUS

WAS MEETING OF DEMOCRATIC STATE COMMITTEE.

JUDGE TAYLOR, VICE CHAIRMAN.

Splendid Selections for Chairman and Secretary, and Members of the State Executive Committee.

Columbus, O., July 22.—No factionalism reared its head at the meeting of the Democratic State Central Committee Saturday, and as a result the deliberations were calm and cool and the results most harmonious. The previous conferences were largely instrumental in bringing about this happy condition of affairs, almost everything of note being agreed upon before the members of the committee assembled in formal session. There were mutual concessions which resulted in a unity of purpose and action and were productive of the utmost good feeling.

One of the novel features of the session was the passage of a resolution opening the doors of the committee room to the public. This was done on motion of Charles P. Salen, of Cleveland, who declared that there was nothing to keep from the people. Some of the older politicians who love to dwell in mystery opposed this motion, but it was carried.

Out of the deference to the wishes of the gubernatorial candidate, Colonel Kilbourne, the doors were shut while he had a family talk with the members of the committee on campaign matters. Then they were at once opened and all business was carried on above board.

The name of Wm. J. Frey of Findlay, was placed in nomination for Chairman of the Committee by W. W. Durbin, of Kenton, Harry Payer of Cleveland, presented that of Judge Brucker of Mansfield. Before a vote could be taken Judge Brucker arose and withdrew saying that it was the evident wish of the majority committee to choose Mr. Frey. After paying a personal tribute to that gentleman he moved to make the election unanimous.

This was seconded by Judge Waldo Taylor of Newark, who had been proposed as a candidate for the place. In assuming the Chair Mr. Frey announced that he was the candidate of no individual faction or interest and took occasion to deny some statements that had been imputed to him regarding Mayor Johnson of Cleveland. He gloried in the prospects of success on the part of the Democracy and congratulated it on the fact that it had an honest man and an honest politician as a candidate for Governor.

Judge Taylor, of Newark, was then

## GRAVE

VISITED BY MRS. FOSBURG AND THE ACCUSED.

YOUNG BROTHER ON THE STAND

Story of Tracks Caused a Sensation in Pittsfield Trial—Mother Says "God Knows My Son is Innocent." Progress Made Thus Far in Celebrated Murder Trial.

Pittsfield, Mass., July 22.—For the first time since the opening of the Fosburg trial last week something sensational was promised by the calling to the stand of James B. Fosburg, brother of the accused man. Although James was called by the commonwealth, the questioning amounted to a rapid, incisive cross-examination designed to break down the stories told thus far by members of the family and to discredit the burglar theory. He was created by the state as a witness for the defense. He made a good impression. He was under fire for over an hour and in that time told how he rushed from his room on the night of the tragedy and found his sister May lying bleeding and dying on the floor with Robert near by. He told of going for a doctor, of telephoning the police and of the arrival of physicians and officers. It was a dramatic recital.

The defense fought every point. The state sought to establish that the relations between Robert Fosburg, were father and Robert S., the son, were not pleasant at the time of the shooting. Beside James Fosburg, Dr. Schofield, the first doctor to arrive at the house after the shooting, was also on the stand today for the state.

A thousand people, mostly women, sought seats in court this morning and three quarters were turned away. When court opened at 9:15 this morning city engineer A. A. Forbes, who was on the stand at adjournment Friday was called for cross-examination. Nelson J. Hall, a Pittsfield young man said he arrived at the Fosburg house at 4 o'clock on the morning of the

tragedy. Three others were with him. He walked up the road fifty yards from the Fosburg house and found a pair of black socks. James Hayes, who was with me found another sock further on. A short distance further on were tracks of a barefoot man on Dedon Avenue, which disappeared at Benedict road.

This story of the tracks caused a sensation as the fact has not been brought before. On cross-examination he said the foot-prints were found after turning the stockings.

James Hay, who was with Hall said he went to the Fosburg house at the time of the general alarm on the morning of August 20, 1900. He corroborated Hall's statement only relative to finding the socks and that the feet led from the Fosburg house.

Pittsfield, Mass., July 22.—Fosburg visited her murdered daughter's grave Sunday. Her family was with her, including Robert, who is accused of his sister's murder. Flowers were laid on the grave and then a heart touching scene. Kneeling at the grave Mrs. Fosburg sobbed out these words: "Oh, May, May, if you could only come back to us and speak one word, the world would know that this charge against your brother is all a lie. God knows my son is innocent. He never shot his sister." The accused bit his thin lips until the blood came.

## MOTHER

AND THREE CHILDREN BURNED TO DEATH

While Francis Ratza, Husband and Father, Badly Hurt—Old Story of Coal Oil Can.

Pittsburg, Pa., July 22.—Mrs. Sophia Ratza, aged 30, and her three children were burned to death in their tenement house home in the rear of 2716 Penn avenue, this morning. The husband and father, Francis Ratza, was severely burned, but will recover. Twenty other Polish tenant escaped. The fire was caused by an oil can explosion following Mrs. Ratza's efforts to start a fire in the cook stove. The building was destroyed.

## UNITED AT LAST

Man and Wife Separated by the Galveston Flood Thought Each Other Dead—Chance Brought Them Together in New Mexico.

A Newark friend has just received a copy of the Roswell, New Mexico, Record, telling of the chance meeting of Mr. and Mrs. F. H. Parrish each of whom thought the other dead. They had been separated in the Galveston flood. The romantic story follows: "My wife! My wife!"

A number of people at the corner of Main and Second street, were astonished last Saturday afternoon when a lady came out of the store of the Roswell Drug and Jewelry Company and met a gentleman who was rounding the corner of Second street.

Several bundles slipped from the lady's hands and the man and the woman looked at each other as though sure their eyes were in error. Then they came together like two lovers. It was the man who made the outcry: "My wife! My wife!" The woman did not say a word. But she did her share of the embracing, perfectly indifferent to the stares of the passersby, and she had a right to, for the man was her husband, Frank H. Parrish, whom she had mourned for dead, whom she had not seen since that terrible night when Galveston was overwhelmed and whom she had supposed was either in the great graveyard of the sea or among the unknown and unrecognizable dead. It was the same way with Mr. Parrish, and thereby hangs a most interesting story.

On the night of the great catastrophe their house was swept away and the two were lost to each other in the fury of the storm. Mr. Parrish was caught not over a block from where the house stood, in some wreckage and rescued, much bruised and hurt. Mr. Parrish was carried clear across the bay and far inland, where he was picked up by a farmer in whose house he lay almost insensible for six weeks and it was two more before he was able to go back to Galveston to

look for his wife. She, not hearing from him, considered him among the missing and left the city, going back to Murfreesboro, Tenn., where she had a distant relative.

Mr. Parrish, still ill and weak, had forgotten that she had such kinkof, and heartsick and feeble came at once to the home of his brother, Charles Parrish, in the mountains of Lincoln county, where he rapidly regained his health and vigor.

Mrs. Parrish in the meantime made arrangements to come to New Mexico with a young lady, Miss Ellen Alexander, who is to teach a private school in Otero county, and the two arrived in Roswell on Thursday of last week intending to proceed on their journey by stage to Lincoln and Capitan, at which place Miss Alexander has a married sister on Monday.

Friday Mr. Parrish arrived in the city to buy supplies and some water machinery. Neither knew the other was alive, much less in the same town. Mr. Parrish had been at the barn loading his wagon and getting ready to start back Sunday morning, when he met his wife, face to face at the corner of Main and Second streets. As he expressed it, "My heart rose up in my throat until I could have bitten the end of it off, but she looked too substantial for a ghost, and I just simply grabbed her."

It was some little time before the strangely united couple could talk coherently, and it is a sure thing that if there ever was a happy couple in Roswell it was those two. They were invited to the home of a friend of Mr. Parrish and there told over again the horrors of the great storm and their experiences since each believed the other a victim of the fury of the gulf. Here a number of people heard their story and realized that truth is sometimes indeed stranger than fiction.

## LABOR

PICNIC SUNDAY AT IDLEWILDE A SUCCESS.

Good Speeches Delivered by Messrs. Powerfully and Ratchford—Large Crowd Present.

The first annual picnic given by the Newark Federation of Labor was held at Idlewilde Park on Sunday, and notwithstanding the extreme heat, it being the hottest day of the year so far was a complete success. There was a large crowd of people, fine speaking by two of the most distinguished labor leaders in the country, and a grand time was enjoyed. The people began to gather at an early hour in the forenoon, most of them bringing heavily laden baskets for their picnic dinner, which they took in the woods. A general social time and a reunion of the members of the twenty-four unions of organized labor in the city was had about two o'clock in the afternoon the large assembly was called to order by Mr. John W. Adams, the well known labor organizer of this district, who introduced Mr. Ratchford, State Commissioner of Labor Statistics, and Hon. T. V. Powderly of New York, the present United States Commissioner of Immigration. These gentlemen addressed the audience in able and interesting remarks, of about an hour's length, in which they discussed the relation of labor and capital, just wages the length of a day's labor, strikes, etc. Each gentleman was an able and convincing speaker and made a strong presentation of his argument. Seated on the stage with the speakers were Hon. William Bell, Jr., Judge J. D. Jones, Mayor Atherton and other prominent citizens. The speakers were listened to very attentively, and the meeting was closed at 4 o'clock, amid great enthusiasm, all feeling that it was good to be there.

## Elks Meeting.

Milwaukee, July 22.—The Grand Lodge Benevolent and Protective Order of Elks, which convenes Tuesday in this city, will probably elect Charles E. Pickett of Waterton, Ill., grand exalted ruler. Judge John C. Nettaway of Stillwater, Minn., is the only other active candidate. Joseph T. Fanning of Indianapolis denies that he is a candidate. The present secretary and treasurer will be re-elected. About 30,000 Elks will be in the city for the annual social reunion. One of the most important questions to be settled is the selection of the city for the national Elks' home. Grand Exalted Ruler Fisher's report will show an increase of between 24,000 and 24,000 members in the past year, the total membership being now estimated at 100,000.

## GARMENT

MAKERS TO NUMBER OF 50,000 QUIT WORK.

WANT MORE AIR AND MONEY.

Also a 59 Hour Week—Forced to Work in Sweatshops 12 to 15 Hours a Day for \$6 or More a Week.

New York, July 22.—Fifty thousand garment makers, men and girls, struck in 2500 tailoring shops in this city today demanding an increase in pay, shorter hours and more sanitary shops. The strikers include workers of all branches of the trade and the action is likely to have a wide spread effect. The local leaders of the union garment makers anticipate the support of union men and a general tie up of the industry will not surprise them. Tailors of Philadelphia are anxious to strike. The workers at Newark, N. J., also struck today. Their cause is identical with New Yorkers. The strikers claim they are forced to work in dirty sweat shops 12 to 15 hours for six dollars a week up according to skill. They demand 10 cubic yards of air for each worker, an average increase of 30 per cent in wages and a 59 hour week.

## THE WEATHER.

Prediction for Newark and vicinity: Probably fair tonight and Tuesday. Temperature extremes at Columbus station 23 years record for July 22: Maximum, 93 degrees in 1833; minimum, 55 degrees in 1890; minimum temperature at Columbus in the past 24 hours, 72 degrees; maximum temperature 98 degrees. Observations taken at 8 a. m.

## LOVERS

DECIDED TO LEAVE THIS WORLD TOGETHER.

FOUND IN EACH OTHER'S ARMS.

Aboard Yacht of the Young Girl's Father—Trutz Insists That the Girl Shot Herself While He Tried to End His Own Existence—Both Expected to Die.

New York, July 22.—Ida Depuy, 16 years old, and Herman Trutz, 15 years old, sweethearts, were found dying in each other's arms aboard the girl's father's sloop yacht James K. Polk in Freshkill creek, Staten Island, last night, would be suicides. Today the young lovers lie in the hospital at Tompkinsville, and neither are able to tell the details of their attempt at self destruction.

Ever since they were children Trutz has been enamored of pretty Ida Depuy, daughter of Osea Depuy, a wealthy oysterman, whose home is near Dorp. The father always opposed the boy, but he continued clandestinely to court the girl. When found the girl was unconscious. There were two gaping bullet wounds in her throat. Trutz had one wound under his chin and in his right hand he still held a .38 calibre revolver.

This morning the boy, while conscious for a moment, explained that the girl's father had opposed him because he was poor and that he and Ida had decided that they would be happier dead. Trutz insisted that the girl shot herself and he himself. It is doubtful if either will live.

Miss Depuy died today without regaining consciousness. Trutz is held under arrest. It is believed he may recover.

## GOV. NASH TALKS

FRANK STATEMENT REGARDING THE OHIO CAMPAIGN.

Declares the Whole Democracy is to Fight and the Bryanite Move a Fizzle.

Cleveland, O., July 22.—"For the Republicans not to watch every point during the approaching fall campaign will be suicide. To take anything for granted or to lay back on supposedly superior party organization may mean disastrous defeat." So spoke Governor George K. Nash, the standard bearer of Ohio Republicans for the second time at the home of Senator Hanna.

"Indications are that one of the greatest political battles ever waged in Ohio will be on when the campaign opens this fall," he said. "To win the Republicans must fight the entire Democratic party. Such movements as the so-called Bryanites, led by Groot and whatever other discontents are bound to must be regarded as not only brass, and a tinny cymbal. They will do harm, because they are likely to lead to a last eve confidence game, but on following. While not having examined into the question closely to my mind the so-called Bryanite movement will prove to be nothing but a fizzle."

In speaking of the standstill of Col. Nash by the Republican Convention, the Governor said: "I cannot see why Nippert should not prove to be as strong a candidate with the saloon element as Caldwell. He is certainly as much identified with the saloon interests as the present Lieutenant Governor, and is a strong opponent of the 'Clack ward option bill.'"

The Governor appeared to be at sea regarding the effect of the Anti-Saloon League vote.

"Reports from our leaders indicate a bitter fight for control of the Legislature," continued the Governor. "If the Democrats capture Cleveland, Cincinnati and Toledo they will come close to whipping us in the legislative fight."

## TEN HEAT DEATHS.

Kansas City, July 22.—(Noon)—Ten deaths have occurred from the heat during the last 24 hours. The thermometer is over 100 for the fifteenth time this month. The prayers in all the churches yesterday have not been answered yet.

It is reported from Brussels, Belgium, that an engineer by the name of Tobiansky has discovered a method by which smoke can be turned into light. In operating his device, the inventor collects the smoke from any kind of a fire and forces it into a receiver. It is then saturated with hydrocarbons (and a brilliant light results).

Volcanic eruptions in various parts of the earth show that the universal excessive heat has been due to the fact that Mother Nature has chosen this time to bake an unusually large baking in the subterranean oven. Whether it be a new island which has been launched somewhere on the sea or a new star now set out to cool in the heavens, the baking is doubtless completed and the oven will be permitted to cool off gradually.

There is something ineffably pathetic in the determination of Gen. Botha to continue the South African struggle to the very end. While he may be able to indefinitely prolong the terrible conflict nothing short of a miracle will prevent the ultimate annihilation of the two republics and their reduction to legislative slavery. Yet, with homes destroyed and fields laid waste, and loved ones dead they probably reason that British hate has done its worst already.

The Republican press seems much exercised over the failure of the Ohio convention to elect a portion of its platform to a useless tribute to Mr. Bryan. Mr. Bryan needs no eulogy now. He is too strongly entrenched in the Democratic heart. But when he voluntarily announced that he would not be a candidate for president in 1904, and thereby relinquished the leadership of the party, he placed principles above men. Mr. Bryan is too ardently attached to the cause of constitutional government to be very susceptible to flattery or attack.

In its capacity of benevolent stepfather to Cuba the United States government is to place a fine steam yacht, its own property at the service of Governor General Wood during his convalescence and make the Cuban treasury stand the running expense. The yachting privilege is one that can be very easily abused, but if there is one American official more than another who deserves something of this kind it is General Wood. As precedent counts for a great deal in the army, it is reasonably certain that as soon as General Corbin hears of this circumstance he will have to have a yacht also.

**Palaces Under Ground.**  
Los Angeles, July 22.—A prehistoric city of immense proportions has just been unearthed on the Navajo Indian reservation between Durango, Col., and Farmington, N. M., the particulars of the find having been reported to the land department of the Santa Fe system in this city. A palace has been found, containing, it is said, about 1,000 square apartments, some of them in an excellent state of preservation. Another stone castle contained 100 square apartments. In some ruins inspected were found the finest of woods and other relics of a valuable character, specimens of which have been gathered and sent to the Smithsonian institution.

**Cable Car Bucked.**  
Chicago, July 22.—Nine passengers were seriously injured and several others painfully bruised in the wreck of a Madison street cable car. The train was running at full speed when the grip car was suddenly brought to a stop because of a defective cable rope. The trailer bounded from the track, rose up and crashed with terrific force into the rear of the grip car. The shock was of such force that the passengers were thrown from their seats, several landing in the street headfirst and others falling against the seats and sides of the cars.

**Insane Over Father's Affairs.**  
Richmond, Ky., July 22.—Mrs. Mary M. Corbin, daughter of Judge H. C. Kinnard, Democratic claimant for police judge of Berea, was adjudged insane and removed to the Lexington asylum. Her insanity, it is said, is largely due to the excitement caused by the contention between her father, Judge Kinnard, and Judge Welch, both of whom claim the police judgeship of Berea and hold rival courts.

**Change of Belgian Ministers.**  
Brussels, July 22.—Count De Lichtervelde, Belgian minister to the United States, will retire from that post at his own request. He will be succeeded by Baron Moncheur, Belgian minister to Mexico, who in turn will be succeeded by Viscount De Beughem de Houthem, councillor to the Belgian legation in London.

**St. Louis Trainmen's Strike.**  
St. Louis, July 22.—General Manager W. C. McChesney of the St. Louis Terminal Railway association, which handles the trains on all railroads entering St. Louis and East St. Louis, says that the strike of trainmen which began Saturday is having no effect on traffic on either side of the river.

## HARMONIOUS

(Continued from Page 1.)

For Secretary, Harry Payer, of Cleveland, was elected. All other candidates withdrawing in his favor.

The next business before the Committee was the election of a State Executive Committee.

On motion of E. A. Crawford, of Adams county, the nomination and election of M. A. Daugherty, of Fairfield county, as Chairman of the Executive Committee was made unanimous.

Then came the subject of the number of committeemen. Judge Taylor moved to make the number 12, and Mr. Garber amended it by making the number nine. Mr. Crawford backed Taylor and Mr. Ross backed Mr. Crawford. The Crawford motion was defeated, receiving only nine votes. The Garber motion received only six. Then the Taylor-Barnard motion went through solidly.

The 11 other members of the Committee were then elected and consisted as follows:

C. D. Crites, of Lima.  
Charles H. Isbell, of Akron.  
Volney H. Dahl, of Fayette.  
L. G. Bernard, of Hamilton.  
Negley D. Cochran, of Lucas.  
Gaylord M. Stalzgaber, of Van Wert.  
W. J. Finley, of Hardin.  
E. A. Rowley, of Franklin.  
Charles W. Stage, of Cuyahoga.  
John J. Molter, of Erie.

The new Chairman of the State Central Committee, William J. Frey, lives at Pindlay. He is the proprietor of a large stock farm, but is interested in varied enterprises in Hancock county and other parts of the state. He has a summer home at Vermilion, Ohio, and travels about considerably. Mr. Frey is a young man, possessed of plenty of the world's goods and loves the Democratic party because it represents the common people. Last year he was the nominee for Congress in the Eighth District, leading a forlorn hope simply to keep the party in good shape. He is intensely popular at his home and has twice been elected to office involving trusts of municipal works.

The new Secretary, Harry Payer, is one of the young Johnson bridge and has figure done some extent in the recent politics of Cleveland. He is noted as an orator and is effective in the stump. Like Mr. Frey, this is his first appearance in state politics.

Despite the failure of Judge R. M. Ditty to be chosen as a member of the State Executive Committee, it is announced on authority that he will be selected as Secretary of that body. Colonel Kilbourne has declared that Judge Ditty is his choice, and from what is positively known, a majority if not all of the Executive Committee will favor him. The committee will be called to meet and organize in a few days.

## GLAZING OF COFFEE.

Is It a Medium For the Propagation of Bacteria?

INTERESTING LAW CASE AT TOLEDO.

Ohio Pure Food Commissioner Institutes an Important Suit Against a Grocer, Charging Violation of the Pure Food Laws of the State—Testimony of Experts.

Toledo, O., July 22.—The criminal case of the state of Ohio against James White, now on trial before Judge Meek in this city is of unusual interest to the coffee drinkers of this and other states. James White is a grocer of this city. He was arrested several months ago on complaint of Ohio Pure Food Commissioner. The charge is that he sells Arisioa coffee—which coffee, according to the state, is glazed or coated with a glutinous substance that makes it appear better than it really is. The laws of Ohio specifically prescribe that foods shall not be adulterated or so treated that they are counterfeits of a better class of goods.

Joseph Blackburn, the State Pure Food Commissioner, has been conducting an active crusade against manufacturers of spurious food stuffs. At the instance of his department, a package of Arisioa coffee was purchased in Toledo. It happened that the agent made the purchase of Grocer White.

As soon as Grocer White was put under arrest the Arbuckle Brothers, of New York, who prepare and pack Arisioa, gave notice that they would defend grocers against prosecution by the pure food commission. Accordingly, the very best legal talent the country affords was put at Mr. White's service.

The case has been on trial before a jury for nearly a month. Leading chemists of the country and expert coffee men have been called by the state and the defense.

The leading witness for the state of Ohio was Prof. G. A. Kirchmaier, a well-known chemist of Toledo. Mr. Kirchmaier has done other expert work for the state. His testimony was to the effect that he had made an analytical examination of the package of Arisioa coffee purchased from Grocer White, and found that it was glazed with a glutinous substance. Prof. Kirchmaier further testified that the coffee beans he examined contained an average of 300 bacteria. He testified on the stand that he had made examinations of other coffees and found that bacteria were not present at all or in a small number. The testimony of Expert Kirchmaier was also to the effect that the glutinous glazing—which consists of eggs and sugar—was a favorable medium for the propagation of bacteria. Prof. Louis Schmidt, a Cincinnati chemist of wide experience, corroborated the testimony of Prof. Kirchmaier.

## Testimony of Experts.

Arbuckle Brothers summoned to their aid some of the leading chemists of the world. Prof. H. W. Wiley, of the United States agricultural department at Washington; Prof. Vaughn, bacteriologist and chemist at the Ann Arbor University; Prof. Webster and Prof. Bielle, of the Ohio State university, Columbus, all gave expert scientific testimony in behalf of Arisioa coffee. They had made examinations of different samples. Dr. Wiley had made a close inspection of the Arisioa factory at Brooklyn, and considered the process commercially correct. Dr. Wiley told of the millions of eggs that were used by the Arbuckle every year in the preparation of the glazing for the Arisioa brand of coffee. There are more than 19 millions of eggs used, he said, purchased at the prevailing market price, although a supply is kept in cold storage for longer or shorter periods to guard against prices rising to high marks. Dr. Wiley did not make an examination of Arisioa for bacteria, but he said that the glutinous coating undoubtedly was a favorable medium for the propagation of bacteria.

The experts who heard Dr. Wiley's testimony were pleased to be able to "catch" so famous a chemist. The doctor at one point in his testimony explained very clearly how it is that the egg put into the coffee pot by the housewife settles the coffee. He said that the heat coagulates the egg, and as it sinks to the bottom of the pot it carries the fine particles of coffee with it and thus clarifies the drink. It is the act of coagulation in the coffee pot that does the work. Later on in his cross-examination, he had to admit that when the egg was put on Arisioa coffee at the factory it became coagulated, and as egg cannot be coagulated but once, that the coating on coffee was of practically no value as a "settler" when it reached the coffee pot.

Prof. Bielle, an expert chemist from the Ohio State university, said he found any number of lively bacteria on the Arisioa coffee beans he examined.

The case has been one of decided interest and the verdict of the jury is awaited by dealers in coffee as well as by consumers. It is doubtful if a case was ever tried in the courts here which has been fought so stubbornly. Eminent counsel have been employed on both sides.

The attorneys for the state of Ohio insist that they have made a good case, while the lawyers for the defense say that they will prove beyond a question that Arisioa coffee glazed as it is is not harmful as the state sees fit to set forth.

One of the sensations of the long trial was a charge by Walter Brown, attorney for the state of Ohio, against Arbuckle. He announced that the Arbuckle was guilty of compounding a felony by guaranteeing to grocers that their (Arbuckle's) would defend any criminal cases instituted against them by the pure food commission because of the sale of Arisioa coffee.

In the event that the jury finds Grocer White guilty of a felony for selling Arisioa coffee, it is said Arbuckle will carry the case to the highest court; and if the state of Ohio is defeated in this action an appeal also will be taken. Pure Food Commissioner says: "There is no other brand in our hands but that Arisioa is old contrary to law and we have no reason to believe that we have instituted this case in vain."

## Neuralgia.

The Prayer of a Nerve for More Blood.

Neuralgia may attack any part of the body but most frequently occurs where the nerves are most abundant. In the head. In the face. Sometimes the heart nerves seem to twist. Twinging rheumatic pains of the extremities.

Sharp and intense at times. In the intervals dull and heavy. Neuralgia is the result of impoverished blood, caused by impairment of the nerves—a lack of nerve force.

It is a disease of the nerve centers, and the pains accompanying it are a prayer for better nourishment. They are the danger signals which warn you against a total collapse of the nervous system. Remedies and all external applications can only give temporary relief. Permanent cure cannot possibly come until the nerve centers are thoroughly revitalized by Dr. A. W. Chase's Nerve Pills. The beneficial effects of this great nerve restorative are felt thrilling through the nerve fibres as week by week and month by month the nerve force of the body is restored. Women afflicted with diseases peculiar to their sex are frequently great sufferers from neuralgia. Dr. Chase's Nerve Pills positively cure both these disorders by filling the nervous system with new vigor and life. 50 cents a box at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. The genuine has portrait and signature of Dr. A. W. Chase on each package.

Mrs. J. H. Warrick, of No. 250 Philadelphia st., Indiana, Pa., says: "I can recommend Dr. A. W. Chase's Nerve Pills to anyone who suffers as I did with nervous sick headache—neuralgia of the head and a weakened stomach digestion. They stopped the headache, the neuralgia disappeared and with it the stomach trouble."

## MRS. SHAMON ARRESTED

Former Granville Woman Taken to Prison at Columbus for Shoplifting But Was Discharged Through Influence of Her Daughter—Local Divorce Case Recalled.

Mrs. Carrie Shamon, a former resident of Granville, N.Y., who at one time lived in the vicinity of Hartford, Conn., and in a subsequent effort at Columbus at Saturday afternoon.

Mrs. Shamon was arrested for shoplifting, but through the influence of her daughter, Ethel, the prosecution was dropped and Mrs. Shamon was released in the evening.

Mrs. Shamon, who is a good looking woman perhaps 40 years of age was divorced in this county. It is said her husband owns a farm near Canton. Five years ago she was a dress-maker at Granville and was held in high esteem by the people of that town. Two years ago her daughter, Ethel, now employed as nurse in the Grant Hospital at Columbus, was graduated at Granville high school. Mrs. Shamon was appointed matron of the Xenia Orphans' Home at the time ex-Lieutenant Governor Wm. C. Lyon, now of Xenia, was on the Board of Trustees.

Mrs. Shamon was caught in the act of taking some valuable silk ribbon at George S. Beall's store in Columbus, and held until Detective Owens arrived. She was then taken to the city prison where she was interviewed by Superintendent Tyler, after which she was locked up.

When brought into the presence of Superintendent Tyler the woman became quite demonstrative and begged to be released as this was her first offense and she could not stand the humiliation of a trial in police court. She admitted taking the property found, saying that part of it came from Beall's store and the remainder from J. H. D. Robbins & Co.

The woman told many conflicting stories and at first declined to give any name at all, but eventually said that her name was Sharp and that she was in the city paying a visit to her daughter, who was employed as a professional nurse at the Grant hospital. Her appearance was sufficient to indicate that she was a woman who knew a great deal of the world and the an-

swer she gave to the questions asked satisfied Superintendent Tyler that she was not a novice and was thoroughly familiar with court procedure.

She said that she was a widow and had no particular place of residence, but was on her way to Columbus after visiting the Buffalo exposition. Since Monday she said she had been rooming at 145 East State street, but did not know with whom. She declined to say where her relatives lived, where she had been employed or where her husband had died.

Later on it was discovered that she had a daughter employed at the Grant hospital named Ethel Shamon, and that Shamon was the real name of the woman under arrest. When confronted with this fact she admitted the truth of her identity but positively declined to answer any more questions.

The daughter called at the police station in the afternoon, and was equally as recalcitrant as her mother. She said she had been employed at the hospital since last November, and had heard from her mother on several occasions. An affecting scene took place when mother and daughter met in the prison, the former declaring that she was almost prostrated at the sight of her mother.

Both women begged the authorities to send for Mr. Robbins and Mr. Beall and have the charges dismissed.

Detective Owens, armed with a search warrant went to 145 East State street Saturday afternoon. At Mrs. Shamon's boarding house on East State street, Detective Owens unearthed considerable property but it is doubtful if any of it was stolen. There is considerable fine linen and toilet articles, all of which were taken to the police station.

Mrs. Shamon was visiting in Granville the first of last week, having just returned from Buffalo. She left early in the week to visit her daughter in Columbus.

The news of Mrs. Shamon's arrest has created a sensation in Granville.

## PASSED UP BY ALLEN

Porto Rico's Petition Submitted to the President.

GOVERNOR ALLEN'S CALL AT CANTON

Returns at Once to Washington and Will Spend Vacation Among the Pines of Maine—Says He Has Not Resigned and That the Matter of His Return is Not Decided.

Canton, O., July 22.—Gov. Charles H. Allen, of Porto Rico, reached Canton from Washington, attended services at the First M. E. church with the President and spent the day at the McKinley home until 10 p. m., when he left for the east. He went from here to Washington, thence to his home in Lowell, Mass., and from there he hopes to go to the Maine woods for a vacation. His mission here was to present to the President the resolution, adopted by the Porto Rican legislature, providing a system of local taxation for the island such as under the act of congress entitles the island to free trade with the United States. The president's official acknowledgment of the receipt of this resolution will be made July 25, the anniversary of the landing of American troops in Porto Rico, when a proclamation will be issued declaring free trade between the United States and Porto Rico.

"The question of my return to Porto Rico has not been determined," said Governor Allen in an interview at the residence of the president, and when he is through with me he will doubtless have my resignation. I have not resigned. After the proclamation has been issued I expect to ask to be relieved, but the president may not be ready to release me just at that time."

Governor Allen is well pleased with the conditions in Porto Rico and anticipates a bright future for the island. The people, he says, are taking kindly to the new regime, and each of the provisions is heartily supported as it becomes understood by the people. Between himself and the natives relations are the most cordial and pleasant, and they have shown him many favors. He says there is much enthusiasm on the subject of education. The taxation plan adopted he believes to be fully adequate to the needs of the island.

## French Local Elections.

Paris, July 22.—The elections for the French councils general took place throughout the provinces, there being 1,453 members of these departmental legislatures to be chosen in as many cantons. The importance of the elections lies in the fact that they serve as a weather vane to show the drift of public opinion regarding the policy of the central government. Although the issues involved are purely local, the voting is invariably conducted on strict party lines. The returns received indicate that the Ministerialists have gained a number of seats, principally at the expense of the Radicals and the Conservatives. M. Paul Deschanel, president of the chamber of deputies, was re-elected a councillor. M. Delcasse, the foreign minister, and M. Melinae, the former premier, were also re-elected. Among the new councillors are Francois Carnot, son of the late President Carnot, and Paul Loubet, son of the president.

## Tube Men Organized.

Pittsburg July 22.—An important event in the steel strike history was the organization of tube mill workers at McKeesport. The word from there is that after long and arduous work, Assistant Secretary Tighe of the Amalgamated Association succeeded in organizing 125 men of the National Tube Works company. At the meeting 25 skillful men from each of the departments were initiated into the Amalgamated Association and Mr. Tighe claims that within a hour enough of the workmen will be secured to form the entire plant close down, although 2000 men.

Strike at Sweatshops. New York, July 22.—The call for the strikers to meet at the First Street were called out on strike in a great number of the sweatshops of the garment work, as well as in the courts. It was estimated that before work was resumed that 2000 more will be on strike. This strike includes the Brooklyn and the Newark shops. The demands in the present strike include a wage schedule and a shorter working day.

Clark's Russian Copper Concern. St. Petersburg, July 22.—United States Senator W. A. Clark is attending to the Norda Vemppa, has formed with Kl. Kaplanski in establishing a copper company having a capital of 15,000,000 roubles. Mr. Clark supplies 12,000,000 roubles. With M. Mangolin, one of the directors, Mr. Clark is going to the government of Samaratinsk to examine the mine's there.

Four Men Killed at a Crossing. Lebanon N. H., July 22.—A passenger train containing Jan. S. Goodwin of Hopedale, Mass., William Thurston of Peabody, N. H., Thomas Burns of Winooski, Vt., and Eddie McCabe of Lebanon was struck by the Montreal express on the Boston and Maine railroad and all four were instantly killed.

## Officers Must Carry Guns.

London, July 22.—Lord Roberts, the commander-in-chief, has issued an order that in future dismounted infantry officers are to carry carbines instead of swords on active service and in maneuvers.

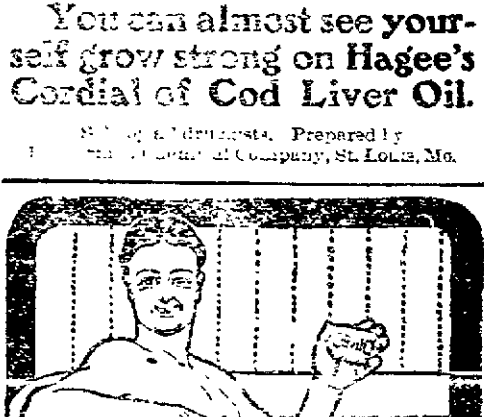

## Iowa Candidate's Mishap.

Dubuque, Ia., July 22.—A. B. Cummings, Republican candidate for governor, dislocated his shoulder and cut and bruised his body in a fall from his buggy in a runaway accident.

### HAVE A TOOTH

It's been troubling you this long while. Perhaps it's partly decayed. A slight cold starts it aching furiously. The tooth next to it may be becoming decayed because of its decaying neighbor. The best thing for you to do is to let me examine your teeth. If they need filling I will tell you so. If it be best to extract or if a cap will save the tooth I will tell you that. Whatever your teeth need I will do it for you—do it painlessly, too. This is something I guarantee.

### TOUCHED

A LIVE WIRE AND WAS BADLY INJURED.

Elijah Chaney Rendered Unconscious and Had One Hand Seriously Hurt Sunday.

Mr. Elijah Chaney, an employee of Lovett's Laundry, met with a severe accident on Sunday afternoon. He was on a crowded camp ground car, which was switched at Moser's to allow another to pass. Being jostled Mr. Chaney caught the wire which feeds the electric lights in the car, in an endeavor to steady himself. His right hand was severely burned, the flesh on the thumb being burned off to the bone. It is not known whether the thumb can be saved or not, and Mr. Chaney is unable to work in the meantime.

The shock was so great that Mr. Chaney was thrown from the car, and was unconscious for some time. He was picked up for dead, but finally regained consciousness, and was taken to his boarding place at Mr. J. A. Chilcote's.

### SHORT LOCALS

Odds and Ends of Happenings in Newark and Vicinity Stated in a Few Lines.

**CAR WORKS**—A number of skilled mechanics arrived here from Chicago Sunday night to work in the Jewett Car Works.

**PATHFINDERS**—There will be a meeting of the Pathfinders Tuesday evening, July 23, for instruction of officers. A full attendance is desired.

**SOLDIERS**—Col. James Kilbourne has accepted an invitation to attend the sixteenth annual Soldiers and Sailors' Reunion, and made an address at Black Hand on Thursday, August 15.

**KING'S DAUGHTERS**—The Sunshine Circle of King's Daughters will give a lawn fete Tuesday in July 23, at the home of the Misses McDonald, 63 South Third street.

**EXCURSION**—A big line excursion from Chicago Junction to Columbus, attracted a big crowd on Sunday. There were nearly seven hundred people in the crowd.

**COPPERHEAD**—Mrs. Flora Wright of North Fifth street, killed a copperhead snake in her yard Sunday that measured 2 feet 11 inches. This is a very large snake for this species.

**NOTICE**—A. C. Spurgeon of Millersport, O., desires the Advocate to say that the T. W. Spurgeon who was arrested here last week for drunkenness is not his brother of that name, and is not related to him in anyway.

**RECOVERING**—Claude Blaney, the young man who was so seriously injured a week ago last Sunday on the toboggan slide at Idlewild Park, is rapidly recovering from his injuries, although he complains of his hip giving him a great deal of pain. The wound on his head is rapidly healing.

**WITH FIELD**—Mr. E. L. Bailey, banjoist, dancer and comedian, a former resident of this city, and who for the past month has been visiting relatives in this city, has just completed a contract with the Al G. Field's Minstrels, and leaves on August 1 to commence rehearsals with that company. Mr. Bailey is one of the few from Newark who have made themselves prominent in the profession and deserves the high standing in the business that he has attained.

### THE RAILROADS.

This forenoon a heavy Baltimore and Ohio freight train broke in two as it was pulling out of the yards for the north. The engine and train men in front did not discover the loss of the rear end of the train until in the vicinity of the glass works. The engineer then reversed the engine and backed down the track and picked up the missing cars.

### Parkersburg Shops.

A Parkersburg, W. Va., special to the Pittsburg Dispatch says: General Superintendent Thomas Fitzgerald of the Baltimore & Ohio railroad, when here a few days ago, made a statement that the Parkersburg shops would be removed to Belpre, O., as soon as the bridge here is repaired so the heavy engines can cross. The company is buying more land at Belpre. The shops employ about 75 men.

### KEPT THE SOCKS

But Returned All Other Presents to the Girl Who Sues for Breach of Promise.

Paterson, N. J., July 22.—Miss Mariella Donlevy, who only six months ago, left the convent at Madison, N. J., where she had spent five years under the watchful eyes of the sisters, has brought suit for breach of promise of marriage against Albert J. Wilkins, claiming \$15,000 damages. The couple met and fell in love soon after the girl left the convent.

The girl says that during courtship she bought him many presents including several pairs of fancy socks, diamond pins, opal rings and other valuable articles of jewelry. Wilkins denies that he ever promised to marry the girl and declares that he returned all the presents save the socks.

Have you ever thought what that means?

Suppose your tailor would make a suit from shoddy cloth. The clothes wouldn't hang or wear well even though cut correctly. So in prescriptions good service means more than being careful about weights and measures. It means carefulness long before your prescription is brought to us. It means that we have been careful as to purity when buying chemicals, and have exercised care in making all those liquid medicines which we keep ready for use on our shelves and in our closets. ## CAMP BAUMGARDNER

### Now a Thing of the Past--Program of Sunday and Monday--Sixth's Officers in Favor of Having all Regiments Brought To Newark--Badge Presentation.

By tonight Camp Baumgardner where the Sixth regiment has been in camp since last Wednesday, will be a thing of the past. This morning a guard line was placed around the camp with strict orders not to allow any person in or out, as the officers were inspecting the men's quarters to ascertain what state property was missing. Sunday night the guard detected some civilians who had stolen hats, shoes, etc. The thieves were chased across the creek, but were not caught. The civilians who went to camp this morning were compelled to wait until after inspection before they could get into camp.

Captain Rieger of Company F, is officer of the day, today, and Lieutenant Gaw of Company B, and Lieutenant Stein of Company K, are officers of the guard.

Senator W. E. Miller was the guest of Captain Squire on Sunday for dinner.

Company H secured five headquarters orderlies during camp.

Chaplain Hurlbaugh preached at the United Brethren church in East Newark, Sunday night.

The regular battalion drill was held this morning.

Sergeants Richards and Symon of Co. G, Garner of Co. D, and Riblet of Co. B, shot on the range this morning their new Krag-Jorgensen rifles. The range was 200, 300, 500 and 600 yards, 25 being possible at each range, making a possible total of 200. The scores follow:

Richards 156.  
Garner 156.  
Riblet 145.  
Symon 154.

Guard mount was held at 1:30 this afternoon instead of in the morning, at the usual time.

The Advocate camp reporter was the guest at dinner today of Co. G.

The Sabbath passed very quietly at Camp Baumgardner. After guard mount religious services were conducted in the grove by Chaplain Hurlbaugh, which were largely attended, a number from Newark being present. The chaplain spoke from the text, "Blessed is the Nation Whose God is the Lord," and he dwelt on the fact that nations are composed of individuals, and that to make a great nation, the individuals composing it must be of high character. Every reform, however extensive, must begin with the unit, the man, the individual. His discourse was very attentively listened to by the audience.

Captain Squire of Company H, was officer of the day Sunday, and Lieutenant Cummins, of Co. H, and Lieutenant Stein, of Co. K, were officers of the guard.

Col. C. B. Adams assistant adjutant general, inspected the companies in quarters in the morning, and was highly pleased with the result of his inspection.

Col. Moulton Houk received a telegram Sunday summoning him home immediately, on account of the illness of his wife.

A number of O. N. G. officers visited camp Sunday. Among them were General J. C. Speaks, commanding the Second brigade, and Major Taylor of his staff, Col. C. C. Amase of General Dick's staff, and Major F. C. Weaver, Brigade Surgeon of the First brigade.

Mrs. J. E. Howard and Thomas Howard of Belleville, Miss Ollie Howard, Miss Josie Lippert, Messrs. R. J. Lippert and William Steinert of Toledo, were entertained Sunday by Major L. W. Howard of the First battalion.

Captain Bush of Battery H, of Columbus, was in camp Sunday looking over the grounds. He will bring his battery into camp here leaving Columbus next Sunday. A stop will be made at Pataskala, the battery marching overland, and expects to get into camp sometime on Monday. There will be no advance sent over, the battery putting up their own tents. The Weston army rations will be used. These consist of tablets containing the ingredients of meats and vegetables in a condensed form.

Camp Baumgardner will be abandoned this evening. The tents were struck during the afternoon and the regiment will march to Showman's where they will board a special T. & O. C. train, arriving in Toledo early Tuesday morning.

At dress parade Sunday evening the marksmanship badges were presented.

The Governor's badge for the best shot in the Ohio National Guard was presented to Sergeant Symon by Mrs. Col. Stanbery, the Adjutant general's badge was presented to Sergeant Richards by Mrs. Bryant, wife of the Lieutenant Colonel. These were won in the state shoot last October.

In the regimental contest, Lieutenant Smith won, and was presented with the regimental individual badge by Miss McMaken, and the company team badge won by Co. G, was presented by the wife of Captain Stacey.

The four badges were won by Co. G from Bloomdale, a small town of 740 inhabitants.

The officers of the Sixth will endeavor to have introduced and passed in the next Legislature a bill, providing that the grand organization shall camp at the state grounds, for a minimum of 10 days and a maximum of 13 days, the state appropriating \$1000 for regimental headquarters. This will obviate the necessity of asking different towns to give a bonus for the encampment.

Mr. Fred Styro, who is in camp with the engineers, and machinists, who put in the water works at the ground, returned to his home in Columbus on Sunday evening.

### Colonel Receives a Letter.

Colonel S. B. Stanbery of the Sixth regiment, has received a letter from Mr. and Mrs. Jos. H. Baumgardner, of Toledo, relative to the naming of "Camp Baumgardner." It reads:

"The news has reached us that the camp of the Sixth regiment, Ohio National Guards, this year has been named in honor of our beloved son, Lieut. Fred M. Baumgardner.

"The rank and file and officers of the regiment of which he was once a member do not need to be told that all of Fred's friends are deeply touched by the memorial thus set up for him by his former comrades, transient though it be.

"We thank you for the tribute to Fred's memory, and assure you that we highly appreciate not only the honor you have conferred on the dead, but also the respect you have always shown to the living, to whom by the ties of nature he was the dearest."

### Fine Guard Mount.

The mounting of the guard by the Sixth regiment Sunday Morning was one of the best ceremonies ever held on the camp ground by a national guard organization. Although three of the details came from newly organized companies, the arriving upon the line, the halt, the dressing of the men and the report of the non-commissioned officers were very much ahead of anything ever seen upon the state camp ground and to the credit of Adjutant Duffy the men showed great proficiency in mastery of the guard manual. They were highly complimented by many ex-national guardsmen who were present.

Everybody with their sisters and cousins and aunts is expected at the A. O. U. W. picnic, Idlewild, July 24.

## SOLDIERS

### ANNUAL PICNIC AT BLACK HAND ON AUGUST 15

Governor Nash and Colonel Kilbourne are to be Present--The Sixteenth Annual Reunion.

The sixteenth annual Soldiers' and Sailors' Reunion will be held in the Wickham Grove, near Black Hand, where it has always been held, Thursday, August 15, this year. The reunion which is one of the greatest yearly events of the county, promises to be bigger and better than ever before. Various improvements have been made on the grounds, and no pains will be spared to make the day pleasant and profitable for those who attend. Governor Nash and Colonel James Kilbourne, and other prominent speakers have been invited to be present to address the meeting. Let everybody come and do proper honor to the veterans of the civil war who are so fast passing away, and enjoy a delightful outing in one of the most beautiful groves of the country.

A good time is promised to everyone that goes with Golden Rod Lodge to Idlewild on July 24.

## FISH STORY

### OUT OF THE ORDINARY FROM TOWN OF DELAWARE.

A Fine Bass Caught on the Hook Worn on Snook's Left Wrist for a Hand.

Delaware, O., July 22.--James Snook resides near the Scioto River. Some years ago he met with an unfortunate accident, which necessitated the amputation of one hand at the wrist. He wears a sharp steel hook as a substitute for the lost hand. During the late heated spell it has been his custom to repair to the river in the hot afternoons, where he keeps a small boat, and to fish and read.

Saturday he went to the river as usual and launching his boat paddled quietly into the shade of one of the large trees which line the banks of the stream, and, reclining in the bow of the boat, began to read. Drowsiness overcame him and he fell asleep. In some way his arm which wears the hook slipped into the water over the gunwale of the boat. Snook does not know how long he slumbered, but he was awakened by a pulling at his arm and was startled at a great splashing in the water at the side of the boat. Withdrawing his arm from the river, imagine his surprise at finding a fine large three-pound bass on the hook. Examination disclosed the fact that a minnow had in some way impaled itself on the sharp hook, which, being thus baited, proved the undoing of the bass.

## DISCLOSURES

### IN THE OHIO DEBENTURE CASE TO BE INTERESTING.

Report of the Two Debenutre Receivers Which Will Implicate Several Prominent People.

Columbus, Ohio, July 22.--The second report of receivers D. A. Walker and W. Guy Jones, of the Equitable Debenture Company, may show us even a more sensational state of affairs than did the first. While little can be learned in advance of the receipt of this report of the Court it is known that a number of very prominent men in this city will be hard to explain. The plain record of documents in the possession of the receivers will show that a deliberate attempt was made to loot the company, and that prominent men were mixed up in it. Attorneys Kinney and Jones, who represent G. W. Rhoades, and who, by order of the Court, were permitted to examine the books of the defunct institution, also made sensational discoveries, of which they will not speak at present.

A bill for \$4,000 has been rendered the Ohio and the Equitable Debenture Companies, both of which are in the hands of receivers, by the legal firm of Dick, Doyle & Bryan, of Washington, of which firm General C. W. Dick is the senior member.

One thousand dollars has already been paid this firm for making representations to the Postmaster-General by which an extension of one year's time was granted for doing business through the mails. From the language of this bill it is a fair deduction that both the managers of the companies and the attorneys knew that the business was rotten to the core, and only hoped to put off the end until they could reap their harvest.

NEW HOUSE--A contract has been let for the erection of a new residence for J. R. Fitzgibbon on his Granville road property.

Burt Tod of Concord and George Siegfried of Zanesville, are working for the Coulson Decorating company of Zanesville. At present they are engaged at work on the Baptist church, and as soon as that is finished they will commence work on the Lutheran church.

PICNIC--The Plymouth Church Sunday school will hold its picnic at the Encampment ground Tuesday.

STREET CARS--The street cars on Sunday, running to the camp ground, were taxed to their utmost in hauling the crowds out and back. The service was the best that could be obtained under the circumstances.

Pack your baskets and join Golden Rod Lodge for a day's outing at Idlewild. It will do you good.

## and OLD PEOPLE

Bad Circulation is the cause of most of the ills that come with old age. With advancing years there is a decline of strength and vigor—the machinery of the body moves with less speed and accuracy. Because of the weak and irregular action of the heart the blood moves more slowly, becomes impure and loses much of its life-sustaining properties, and muscles, tissues and nerves literally starve for lack of nourishment. A sluggish and polluted circulation is followed by a long train of bodily ailments. Cold feet, chilly sensations up and down the spine, poor appetite and digestion, soreness of the muscles, rheumatic pains, hard and fissured skin, face sores, chronic running ulcers on the lower limbs and other parts of the body—these and many other diseases peculiar to old people are due to a lack of healthy blood and imperfect circulation. Restoration to health must come through the building up and purification of the blood, thus adding strength and tone to the vital organs and quick, healthy action to the circulation.

S. S. S. being strictly a vegetable blood remedy and the best tonic, makes it the most valuable and efficacious of all medicine for old people. It is free from all mineral ingredients, and mild and pleasant in its action. It cures blood diseases of every character, even those inherited or contracted in early life. As the system gets under the influence of S. S. S. there is a marked improvement in the general health, and as richer and purer blood begins to circulate through the body the appetite improves, and there is a softness and elasticity about the skin that you have not noticed for years; sores begin to heal, pains in muscles and joints gradually cease, and you find that it is possible to be happy and healthy even in old age.

Our medical department is in charge of physicians who make a study of blood and skin diseases. If you would like to have their opinion and advice in your case, write them all about it and you shall receive such information and advice as you want. This will cost you nothing. Others have found our medical department of great benefit to them—their cure being much more rapid as the result of some special directions received from our physicians.

Don't be your own doctor when you can get medical advice free. Book on Blood and Skin Diseases mailed to all who desire it.

Kokomo, Ind., Aug. 10, 1899.  
Pepsin Syrup Co.

Dear Sirs:—For the past ten years I was troubled with my stomach. About four years ago I was taken down with rheumatism; was not able to do a day's work for three years. All medicine seemed of no benefit to me. A year ago I was advised to take Dr. Caldwell's Syrup Pepsin. I truly believe I would have died but for this medicine. My rheumatism is entirely gone and my stomach is in good condition. It has saved my life and I cannot recommend it too highly.

Yours respectfully,

## A Tear for a Pain

Only expectant mothers, or those who have borne children, know the full meaning of the words. Every woman should have every other woman about her. "MOTHER'S FRIEND," that wonderful liquid that dispels all pain incident to childbirth. There is nothing like it.

J. W. S. MORTON, of Hartford, N. C., writes: "Two months can't be said in praise of 'Mother's Friend,' but I can say that it has saved me from confinement and was in labor but ten minutes. She is doing splendidly."—J. W. S. Morton's Friend.

## NEGROES ON A RAID.

Riot Instigated by Lynching a Colored Preacher.

WAS A LEADER IN SECRET ORDERS.

Mob Hanged Him For Murdering a White Man—Revenue Officers After a Desperate Band of Moonshiners. Race Riot Between White and Black Urebins at Indianapolis.

Cleveland, Miss., July 22.—This place is in a high state of excitement over race troubles that have broken out, instigated by a mob lynching a negro who had killed a white man.

Armed negroes, none of whom was known, rode into Cleveland and, stopping a party of three white men on the street, made threatening demonstrations. Being called upon to identify themselves they answered by bringing their rifles into play. One of the negroes was killed on the spot, another was wounded and is reported to have been found on the outskirts of the town, and the others escaped, although it is supposed that more than three were hurt. They were armed with Winchester rifles and were well mounted.

The trouble grew out of the lynching of Jesse Phillips, a colored preacher. The negroes in this section are organized into "lodges," "secret orders," "protective societies" and such, and as Phillips was a leader among them it was feared that an attempt would be made to avenge his death.

It has been decided that the breaking up of these negro orders is necessary, and there is no doubt that this decision will be enforced.

Phillips shot and killed Lucius Reed, a plantation manager, in this city last Tuesday, was captured in the swamps near here and lynched by a mob of unknown men. Phillips was discovered in the swamps by bloodhounds, and while attempting to escape from the posse was shot in the leg. An officer took the negro in charge and started for Cleveland to place him in jail. About a mile from town a mob met the officer, and taking the negro from him brought him to the spot where Reed was killed and hanged him to a telephone pole. So quietly was the negro hanged that the majority of the inhabitants of Cleveland did not know when the lynching occurred. The killing of Reed is believed to have been a premeditated scheme on the part of the negroes.

Siege Against Moonshiners.

Nashville, July 22.—Reports from Monterey, Tenn., near which place an internal revenue raiding party was ambushed by moonshiners Saturday, say excitement in that district is at a high pitch. The natives seem to have generally sided with the moonshiners and Collector Bell deemed it advisable to take his posse to Cookeville to await reinforcements, which left here this morning. Every deputy collector and deputy marshal in the district was summoned to join in the raid. The moonshiners have boasted that they would not be taken alive. One of the outlaws, Frank Whittaker, died of wounds received in Saturday's fight, and that another, Will Hall, had his leg amputated as a result of a wound received in the same affair. Thomas Prince, the wounded deputy marshal, has been taken to his home in Sparta, while Corder Mackay, the wounded member of the posse, is at Cookeville and is reported to be in a critical condition.

Juvenile Race Riot.

Indianapolis, July 22.—While 10,000 people were crowded under the trees at Fairview park a riot broke out between the Bungaloes, a local crowd of white boys, and some colored boys. The whites chased the colored boys into the main pavilion and when the officers of the park protected them the Bungaloes fired several shots and stoned and clubbed the crowd. The officers were powerless for two hours and telephoned to the governor for a company of militia. Failing to get the governor 15 policemen were asked for and sent out. Charles Daniels, a bystander, was shot through the neck and may die. Two other young men were badly beaten with clubs and a dozen or more women and children were hit with sticks and stones. An old feud between the white boys and the negro boys caused the riot.

Killed by Kentuckians.

Clinton, Ill., July 22.—At DeWitt, a small town ten miles east of here, Warren Brewster shot Ed Taylor who died instantly and Clay Conder, Brewster's partner shot Fred Taylor, brother of Ed Taylor in the arm. Conder and Brewster are both under 21 and came here from near Danville, Ky., last spring. A few weeks ago they had trouble with the Taylor brothers who resented remarks they had made about some of the young women of DeWitt, and Brewster was knocked down by Ed Taylor. When they met the Taylor brothers, they began shooting. Brewster and Conder were taken into custody and lodged in jail here.

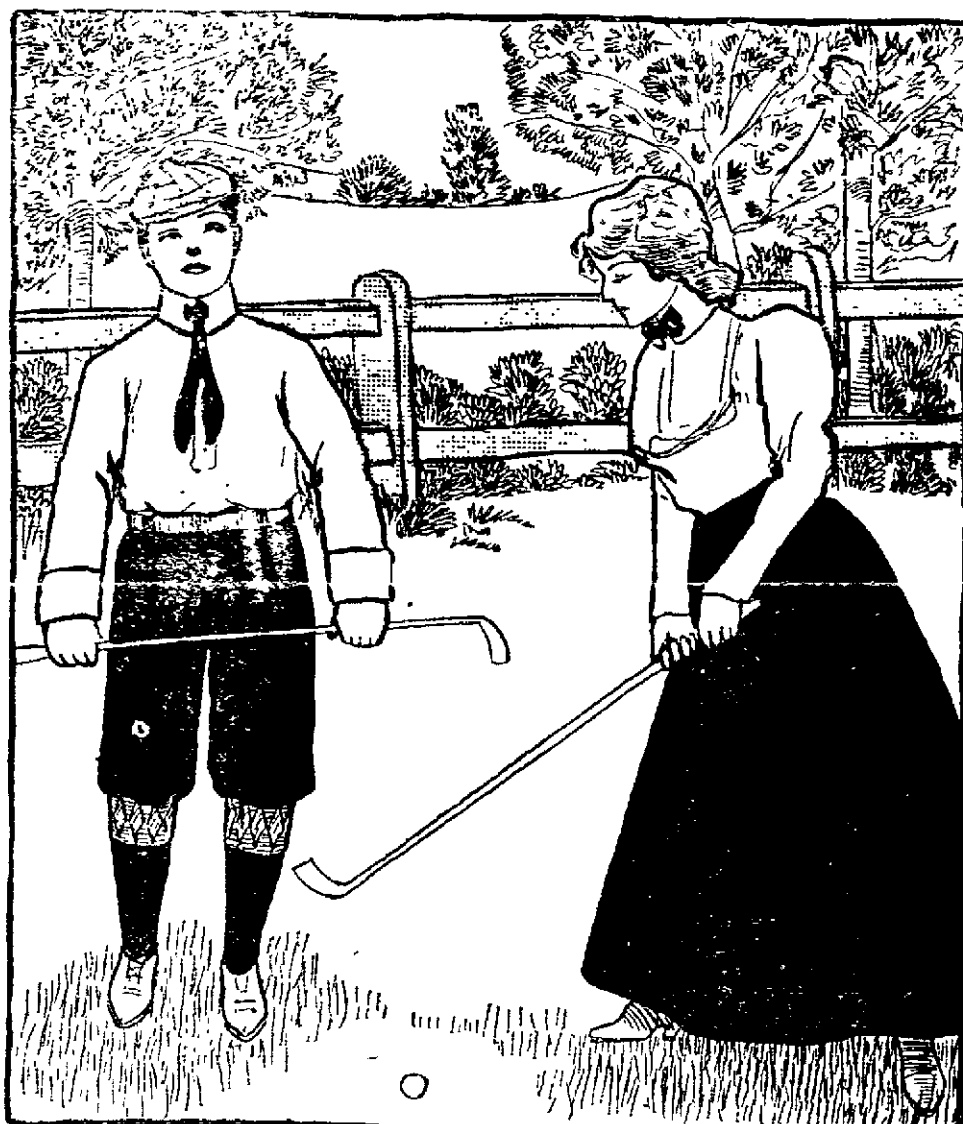

Fought With Knives and Guns.

Morehead, Ky., July 22.—At Gates, five miles east of here in this county, William McNickle, John Howell and a man named McCormick, from Greenup county, had a desperate fight with knives and shotguns. McNickle is reported dead and the other two men were fatally wounded. The trouble occurred over an old grudge.

Smashed a Policy Shop.

Leavenworth, Kan., July 22.—Mrs. Mary E. Dickens surprised half a dozen men in John Beachler's policy shop here and smashed a policy wheel to pieces with a hatchet. Her boys had gambled in the place.

OOM PAUL IS BEREFT.

Good Wife Preceded Him to Heaven of His Hope Sunday—Was III Three Days.

Pretoria, July 22.—Mrs. Kruger, wife of former President Kruger of the South African republic, died of pneumonia after an illness of three days. She was 61 years old. Mrs. Kruger's long separation from her husband, combined with the death of her favorite daughter, Mrs. Smith, last week, had completely broken her spirit. Mr. Eloff and many other members of the Kruger family were at her bedside when she passed away.

Hilversum, July 22.—Owing to the Sunday telegraph hours in Holland Mr. Kruger was not informed of his wife's death until evening. The news was broken to him by Dr. Heijmans and Secretary Doochoten. Mr. Kruger, who had just returned from Hilversum church, burst into tears and asked to be left alone. He exclaimed: "She was a good wife. We quarreled only once, and that was six months after we were married." He prayed a long time, then retired and calmly slept, his Bible beside his bed. The Transvaal and Orange Free State flags flying above the white villa were draped and lowered to half mast.

Homeseekers Are Grumbling.

Fort Sill, O. T., July 22.—Disorder and distress will, it is feared, follow the actual opening of the Kiowa-Comanche lands Aug. 6. It is now estimated that fully 150,000 people will have registered for a chance to secure one of the 13,000 claims to be awarded by lottery when the registration booths close July 26. Thousands of persons on the reservation who are neither mechanics nor artisans, and who have little or no money, announce their intention of locating around Lawton if they fail to win a claim. Campers who came in "parade schooners" by the thousand generally brought with them provisions sufficient to last from five to 10 days. Continued drought has caused the water to be restricted and for days a hot wind has blown over the prairies and the temperature has averaged over the 100 mark. With these conditions before them many are already beginning to grumble.

Bishop Joyce Rejoices.

San Francisco, July 22.—Bishop Isaac W. Joyce, president of the Epworth league, speaking of the fifth international convention, which closed Sunday, said: "I have only good things to say of the Epworth league international convention—it has been in every way a great success. Many of those who have been at preceding conventions think this one the best ever held. The attendance has been a delightful surprise to us all. All discussions of subjects have been of the highest order. A delightful and brotherly spirit pervaded the convention from first to last."

Lake Boat Burned.

Menominee, Mich., July 22.—Governorment Lightkeeper Young saw a vessel afloat about seven miles south-east of Green Island. He reported to the fire tug Menominee and a boat went out to the scene, but the burning boat sank before it could be reached. It is not known what boat it was. It is feared that all on board were lost, as no report from any one on board the vessel has been received.

Mattoon's Fire Epidemic.

Mattoon, Ill., July 22.—During the past four weeks 18 fires here have caused a total loss of \$2,400,000. The city authorities have been destroying gambling outfits and enforcing the laws against other forms of vice, and the fires are believed to have been retaliatory. Vigilance committees will be appointed as well as extra guards to patrol the business and residence portions of the city.

ELKS MEET TUESDAY  
IN MILWAUKEE, WIS.

About 30,000 Elks Will Be There for the Annual Reunion—National Home Question.

Parkersburg, W. Va., July 22.—The mystery known as Ellis Green seems now to be in a fair way to be cleared up. Counsel for the defense received from Marietta a letter containing a photograph of Elbert Glenn, taken in that city in 1896, with a sworn statement that the picture was taken there and that Elbert Glenn was a man. A comparison of the two photographs shows the greatest difference in the two people and strengthens the statement made a few days ago that Elbert Glenn was here in the courtroom and could be produced at any time. The photograph shows a broad-shouldered, black-haired, black-eyed man, with a long neck and large "Adam's apple." His hair is coarse and hangs over his forehead on one side. He has a long nose and large ears and does not resemble the defendant in the least. He wore a checked suit, white shirt and low lay-down collar at that time. The production of the picture has created quite a sensation here and the friends of the defendant are jubilant.

They Sat on the Track.

Indianapolis, July 22.—While seven boys, ranging in age from 15 to 19, were sitting on the track in the shadow of a box car, a switch engine with a cut of cars struck the car, which dashed into the group, killing Harry Umstaeder and William Wessling and seriously injuring three others.

The Sultana Won.

Erie, Pa., July 22.—The Sultana of St. Clair won the 150 miles yacht race from Put-In-Bay to Presque Isle; time 23 hours. The Sultana was followed five minutes afterward by the Eva of Sandusky. The next in was the Westwind of Buffalo, followed by the yawl Lucinda of Sandusky.

Church Unroofed.

Columbus, Miss., July 22.—While a large congregation was attending services at the Second Baptist church, a windstorm unroofed the building and badly damaged it. Several persons were cut and bruised but no one was seriously injured.

Cleveland Coal Dealer Dead.

Cleveland, July 22.—Henry C. Kirby, 41, a prominent and wealthy business man of Cleveland and a member of the Goff-Kirby Coal company, is dead. He had been ill a year.

Found a Cool Place.

Louisville, July 22.—Henry Wilson, while inspecting a refrigerator plant, locked himself in a cold storage room and was nearly frozen to death when rescued.

## WILL IT EVER LET UP?

Hot Wave Still Does Business in the Temperate Zone.

ANOTHER SMASH OF HIGH RECORDS.

Frairie States Sizzling Over a Month With No Relief in Sight—Missourians Fasted Sunday and Prayed For Rain—The Pacific Coast the Coolest Part of the Country.

Washington, July 22.—A hot wave of unusual and in many places record-breaking intensity is again prevalent over the central western part of the country and is spreading eastward and northward. The central west reported extraordinary high temperatures to the weather bureau Sunday. The maximum temperature of 100 degrees included the states and territories of Nebraska, Kansas, Oklahoma, Iowa, Missouri, Ohio, Indiana and Illinois. In Chicago at 7 p. m. the temperature was 100 degrees, exceeding by several degrees anything ever before recorded at that time of the day. A serious feature is the showing made in the states of Iowa, Missouri and Kansas, where the temperatures have been 90 degrees or over for a period of over a month.

Contrasted with the remainder of the country, the Pacific coast is enjoying a period of cool weather, San Francisco reporting a temperature of 56 degrees as the result of cooling breezes from the ocean.

The weather bureau in a special bulletin says: There is yet no indication of any relief from the abnormal heat. No rain has fallen in the corn belt for the past three days and none is in sight. It is of course probable that scattered local thunderstorms, which are always accompaniments of protracted periods of heat, may fall at times, but no hope can be entertained at this time of any general rains or permanent relief.

Prayed For Rain in Missouri.

St. Louis, July 22.—Sunday, the day Governor Dockery designated for fasting and prayer that the present drought might end in Missouri, all records for hot weather in St. Louis were broken. The weather bureau thermometer registering 106 degrees in the shade. On the streets and in exposed places the mercury went several degrees higher. The high record heretofore was 106, made August 12, 1881. From 7 a. m. when the thermometer showed 90 degrees, to 3:30 p. m. the mercury steadily climbed. Hardly a breath of air stirred all day and the little breeze that did circulate came as from a furnace. The parks were thronged all day and late into the night by thousands who sought relief from the heat. The governor's proclamation to pray for rain was very generally heeded. The intense heat extended all over the state. At different points the maximum temperature was as follows: Kansas City, 104; Chillicothe, 114; Bowling Green, 112; Paris, 103; Monroe City, 107; Springfield, 100.

Texas Cotton Crop.

Houston, Tex., July 22.—During the past three days reports of good rains have been received from about 150 counties in Texas, about one half of them in the cotton-growing section. A group of large cotton-producing counties in the central portion of the state has had no rain, but elsewhere the fall has been sufficient for the immediate needs of the crop. Shedding is reported by some correspondents, so that the plant is small and is heavily laden by bolls. Picking will begin in southwestern Texas during the coming week and the cotton is beginning to open freely in south central Texas. Sunday's rain extended well over the southern part of the state.

Too Hot to Worship.

Frankfort, Ky., July 22.—The heat became so intense here Sunday that several churches held no night services. Services at the First Presbyterian church were held in the open street in front of the church. The thermometer registered 100.

More Trouble Feared in China.

Tien Tsin, July 22.—Europeans here consider that the prevention of a speedy recrudescence of trouble depends entirely upon the firmness displayed by the powers. It is thought this fact should be recognized in Europe and the United States. The general feeling in Tien Tsin is that China is in no wise overawed or repentant. Li Hung Chang is reported to have adopted an off-hand tone toward a member of the provincial government and to have talked confidently of ousting the provincial government soon. The Chinese have recommenced cutting telegraph wires.

Liquor Dealer Raided.

Eldorado, Kan., July 22.—Seven women, headed by Mrs. H. T. Grover, president of the local W. C. T. U., entered a saloon run by a man named Busch in a tent in the center of the town and demolished a tub full of bottled beer. They took samples of the liquor to the sheriff, who later ordered the liquor dealer to quit business. There were 500 people gathered while raid progressed. A liquor dealer in another part of town loaded his stock into a wagon and disappeared.

Ice Blockade.

St. Johns, N. F., July 22.—The mail steamer Home arrived here from Labrador and reports that the coast is blockaded with ice floes, especially the northern part, where the floes are impenetrable. This will greatly delay the Peary relief steamer Erik, which counted upon calling at Trunavick, northern Labrador, and landing her last mail before entering the Arctic circle. The Home had to abandon the attempt to reach her terminus in consequence of the ice.

## "Down Town" Improvements.

Improvements are going on all around us  
both in the city and outside, Newark is  
booming and every body has faith in its  
future. One of the "down town" improve-  
ments is on Hoover Street where Gil C.  
Daugherty has a number of lots centrally  
located which he is selling at suburban prices.  
He is laying water mains and building an  
eight inch sewer for the benefit of his lots,  
several of these lots have been sold and  
three fine residences with all modern con-  
veniences are in course of erection. Other  
residences soon to begin. These lots are "down  
town" and are on the line of sewer, city  
water, natural gas and electric light service.  
They are cheap at \$600 and can be bought  
for \$400. 5-15

The Directors of the Security Building  
and Loan Company.

Ever mindful of the fact that the profits of  
a building company are derived from its bor-  
rowers, have had the steady purpose in  
view to favor this class, as far as consist-  
ent with business principles. They are the  
pioneers of low interest to borrowers, which  
they have accomplished by keeping expenses  
down to the lowest possible point. They  
give the borrowers a plain contract, any one  
can understand, and reduce the interest of  
lender than any other association in the  
country. If you want money at the lowest  
rate of interest, call on us. Office with

## MEYER BROS & COMPANY.

#### MRS. PRESTON

Is Recovering from the Injuries that She Received in a Runaway Last Saturday Afternoon.

As announced in Saturday's Advocate, Mrs. Preston, wife of the Postmaster of Chatham, while driving along Locust street on Saturday afternoon about 3 o'clock, accompanied by her two little children, met with a serious accident. The horse frightened at the whip and started to run. Mrs. Preston endeavored to check him but he was soon beyond her control and running at the top of his speed. The occupants were thrown from the buggy, but Mrs. Preston so shielded the children that they escaped injury, although she, herself, was badly injured. When picked up it was found that she had sustained a severe cut across the face, her nose was broken, and her forehead was badly bruised. It required thirty stitches to close the wound on her face. The attending physician that she is resting very comfortably at this writing and the indications are that she will rapidly recover from her injuries.

Curfew is now ringing every night at 9 o'clock in many towns and villages of the United States, not only in New England, but in several states of the West and South as well.

#### PICNICS AT PARK.

The Methodist church of New Lexington will hold a picnic at Idlewild Park on Wednesday, July 31st. A special excursion will be run from that place to this city.

On Wednesday of the week, the 10th anniversary celebration of Golden Rod Lodge No. 100 A. O. U. W. will be held at the park and a most enjoyable time is anticipated by the lodge and its friends. There will be addresses by several of the supreme and grand officers, a base ball game between teams from this city and Zanesville, an automobile race for the state championship for which a cash prize will be given, also a quincette race against time. The event is being largely advertised and it is expected that a large number of people will be present both from this city and a number of other points in the state. The program of the events will appear in Tuesday's paper.

#### FUNERAL

Of Father Banks at St. Francis de Sales Church Sunday—Remarks of Father Kessler.

The funeral services over the remains of the late Rev. J. J. Banks were held at three o'clock Sunday afternoon at the St. Francis de Sales church, where a large mourning congregation had gathered to pay their last respects to the dead priest.

As the procession entered the church Capt. F. G. Warden sang that beautiful solo "One Sweetly Solemn Thought."

Father Kessler accompanied by the acolytes carrying crucifix and candles then came out and the solemn funeral service was conducted in the Latin of the Roman ritual.

There were no other priests present on account of the short notice of Dr. Banks' death.

Father Kessler delivered a beautiful and touching oration on "How Wonderful are the Works of the Lord and How Unsearchable are His Ways", and made the subject matter applicable to the dead man before him. He also reviewed the self sacrificing life of a priest and told how faithfully this had been typified in Dr. Banks.

At the close of the sermon, Father Kessler related what had been learned as to the cause of the death of Fr. Banks. On last Monday while working in the yard he sustained a partial

sunstroke, and later went to Columbus for relief. There he was advised by the doctor to hasten home, and growing worse on the train, he stopped off here where he died. Among his effects was found a letter from his mother, which showed that he was a dutiful son to her and that she was a loving mother to him.

After the remains had been viewed by the congregation they were taken to Mt. Calvary cemetery, and placed in the vault. They will be buried by the side of Father Hayes. A large number of people followed the remains to the cemetery.

#### MINUS A SHOE

Licking County's Auditor, Mr. Pitser, Was Obligated to Return and and This is How it Happened.

Sunday afternoon Auditor A. R. Pitser and Mrs. Pitser started to take a drive down through the romantic Lovers' Lane. As they were crossing the creek Mrs. Pitser said that she thought the horse acted as if he was going to lie down in the water. Mr. Pitser then noticed that the breast strap had in some manner become disconnected from the harness and was dangling about the horse's knees. He concluded that he would have to wait out in the water and fix the strap. In his haste and excitement, instead of dropping his shoe in the buggy as he intended to do, he dropped it into the creek and floated into deep water and was lost, thus compelling our popular and affable auditor to drive home barefooted.

#### AT CAMP LOONEY.

Camp Looney, Sunday, July 21.—Sunday was a big day in camp. Quite a number of Newark friends visited the camp and took dinner with us, among whom were Dan Coffman, Joseph Moser, Charles Ludy, Wit Brubaker, Woolly Ford, Albert Hunter, Pink Luther, Handy Old Boy, William P. Leonard, Plawney Francis, Charles D. Brubaker, Renard K. Ford and

others. The menu for dinner consisted of fried bass, fried cat fish, and turtle, served by Henry Kisswick and Abe Pfeiffer. All who were present enjoyed the day's outing to the utmost. During the day William Leonard proved himself a brave man and a hero by saving the lives of two men who had gone out in a row boat and in endeavoring to land a thirty-five pound cat fish overturned the boat. The Newark party returned home on Pan-Handle No. 8.

#### SCHLEY

Modestly Refers to the Part the Brooklyn Took in the Battle of Santiago.

Great Neck, L. I., July 22.—Rear Admiral Schley, who is a guest here at the home of his son-in-law, has not yet decided what he will do about the charge of misjudgment and cowardice at Santiago printed concerning him in Macley's naval history.

"As the Brooklyn in that battle," said the Admiral, "did practically about 58 per cent of the injuries done to the Spanish fleet and she herself received practically about 54 per cent of the total injuries inflicted upon the American fleet by the Spaniards that record does not look as though the Brooklyn was dodging the fighting."

LOST—Rubber tire near encampment gate. Finder return to Advocate or 173 North Fourth street. 7-2233.
